Istarska › Labin › Drenje › Raša / Land

~~Price reduced from EUR 95.000.~~ Building land for sale Drenje Istria. Lovely building plot of 1016 sqm. The land is located in a quiet location with open views of the sea and the islands of Kvarner & the city of Rijeka. Located about 650-700 m air-line from the seashore.

For this building land for sale Drenje Istria, A design possibility/solution for a future 4-bedroom house / villa with pool and garage was developed (according to the project solution the surface of the building is 363.05 sqm). Distance to the town of Labin is about 9 km and to the beach about 2,5 km (Ravni – about 4 minutes drive), there are hidden bays in front of the land, which can only be reached on foot (about 5-7 min walk). Ten to fifteen minutes drive to the shopping center, petrol station, shops, kindergarten, schools and all other city amenities.

Land area	1016 m ²
-----------	---------------------

Top location in the village of Drenje, south of Labin on the eastern coast of Istria with beautiful views, but also a well-hidden location that provides a sense of untouched nature and Mediterranean as it used to be. The location is excellent for building a vacation home, villa with a pool and / or similar facilities. Considering the micro-location of the land and the valid spatial plans, the sea view can not be sheltered because the construction in front of this land is limited.
